

BOSSSES TELL ABOUT THEIR PALM GARDENS AND HALLS

Milwaukee, July 15.—Proprietors of palm gardens and dance halls had an opportunity today to tell the state vice commission how well they conduct their amusement places. In testimony heretofore the famous Milwaukee resorts have been criticized as a cause of much vice in the city.

Physicians who have appeared before the commission are almost unanimous in saying that the segregated district is not needed. They discussed the question of its removal from a professional standpoint, saying that the number of venereal diseases had decreased since the wiping out of the local district. Some of the statements before the committee were:

"The city should furnish amusements. It will reduce the size of prisons."

"I would tell the state to break away from eugenics. It's a fad more than a necessity."

"The Wasserman blood test would be valueless if a man went on a spree a day before the examination."

HELD FOR POISONING RIVAL

Pottsville, Pa., July 15.—Florence Wychulia, 15, is in jail charged with attempting to poison her rival in love, Julia Smith, also 15. The Wychulia girl is said to have learned the Smith girl was subject to headaches and gave her some bichloride of mercury tablets to relieve the pain. Suspecting something wrong the Smith girl wrapped the tablets in a paper and put them in her stocking. They caused a sore on her leg and the arrest followed.

OH, YOU CEREAL!

By Jim Manee.

Because I love eggs,
I feel I could root.

By golly, I'm glad
That I'm fond of fruit.
I'll eat much potato

Whenever I sup,
But nix on the meat
While the prices go up.

P. S.—Oh, you lamb stew! It's cheapest.

CHICAGO GRAIN.—Wheat high. Corn and oats higher. Provisions easier.

NEW YORK STOCK MARKET.—Opened lower on threats of railroad strike. Friendly receiverships predicted for New Haven, Missouri Pacific and C., R. I. & P. New Haven dropped to 50, new low record.
